## ACADEMIC GUIDELINES FOR CO-CURRICULAR ACTIVITIES

### Guidelines:

All students must pass a minimum of 20 credit hours the previous semester of attendance according to State standards. Students in grades 7-12 failing two or more classes after the third week of the quarter will not be eligible to participate in any activities involving other schools until their grades are at a passing level. Ineligible week is from the Tuesday following distribution of the academic status report through the following Monday. The student will be expected to improve the grade before report cards are received. The eligibility rule states that a student may not be failing the same class two consecutive weeks. The idea behind this approach is that a student will not continue to fail the same class week after week.

A list of the students receiving "down slips" will be made available to each teacher. The counselor will compile a weekly academic status list to determine student activity eligibility (see activity handbook). Junior High students not out for the activity, are to remain in class and not attend the activity (home or away) without sponsor and administrative approval.

In activities where practice or rehearsal is necessary, it is up to the individual sponsor or coach to determine if the student should be allowed to practice or rehearse. Students who are ineligible for performances due to academic reasons will not be allowed to miss school to accompany the team for an out of town performance without administrative approval.

It is the responsibility of the sponsor or coach to notify any student that is failing and to encourage the student to get the appropriate help. It is the student's responsibility to take the initiative to the extra help and to raise his/her grade to a passing level.

Enforcement of the Sterling Activity Handbook begins on the first day of fall practice and ends on the last day of any NSAA sports activity in which Sterling is involved.

## ACTIVITY PARTICIPATION CODE OF CONDUCT

Any boy or girl is welcome to participate in the activities program available to them providing they meet the requirements established by the Nebraska State Activities Association and the school and they agree to follow the established guidelines.

It is essential to a successful activity program that the participants condition themselves both physically and mentally year around. In order to help promote the most successful activity program possible at Sterling, and to develop and maintain better students, the following participation rules have been adopted. These rules apply to any student associated with any activity program. All activities are covered under these rules, and are applicable both during school hours and/or outside of the school day.

### ILLEGAL DRUGS

Student use or possession of illicit drugs and/or alcohol is unlawful, wrong, and harmful. Students standards of conduct will be followed with the minimum prohibited conduct being:

1. Consumption of alcoholic beverages or the possession thereof
2. Using or the possession of illegal drugs.

Such violations must be reported in writing to the sponsor, athletic director and/or principal or appear in the court records of a newspaper or by admission of guilt by the student or by contact with law enforcement. All reports of violations, other than those in court records or from law enforcement, must be signed by the person reporting the violation.

After a reported violation, the sponsor of the activity involved, will discuss the violation with the student and/or his/her parent (s). If the student or parent(s) do not agree with the decision or action, he/she or parent(s) has the right to appeal. The due process procedure will be followed as outlined in the Student Handbook.

Any student found in violation of the listed infraction shall be subjected to the following disciplinary actions:

1. First Offense: 14 day suspension\* from participation including at least one contest in each activity if the student admits to their violation on their own initiative or when first questioned by the coach/sponsor. If the student does not admit to the violation and is still found to have violated this policy, the suspension\* will be 42 days. The student shall have either option of receiving a 7 day suspension\* in lieu of the 14 day suspension\* by entering a school approved alcohol/drug/tobacco treatment program at their own expense. The student must show successful completion of an approved treatment program prior to reinstatement to activities. If at the end of the 7 day suspension\* period the student has not completed the approved program, the student will be reinstated as long as he/she continues and completes the approved treatment program. Students using the option of a treatment program will be required to continue practicing.

2. Second Offense: Suspended for nine weeks. This suspension is in addition to any suspensions received for first offense.
3. Third Offense and all subsequent offenses: Removal from all activities with no options available for one calendar year. Family counseling will be recommended.
4. Any student suspended under the Activity Participation Code will forfeit any appointed or elected position for the remainder of the year.
5. Awards: Each activity has their own letter policy.
6. Any coach or sponsor may require additional standards which are applicable to a certain sport or activity, provided the standards are approved by the administration and the Board of Education, and are communicated in written form to the student and parents before the particular sport/activity season begins.

**All offenses will accumulate throughout  
a students' high school career.**

\*All suspension will consist of consecutive calendar days beginning with the day the violation was reported and substantiated.

**SMOKING AND CHEWING TOBACCO**

Personal possession or use of any tobacco product is prohibited. Violator is immediately suspended\* from interscholastic contest(s) upon validated charge by coaches or administration. Guilty participants will be suspended\* as follows:

1. First Offense: Suspension\* from contest(s) for a seven (7) day period. Participant will continue to practice. Violation: suspension from next contest but must continue to practice.
2. Second Offense: Suspension\* from contest(s) for a period of twenty-eight (28) days. Participant will continue to practice.
3. Third Offense: Suspension\* from all activities for the period of fifty-six (56) days.

\*All suspension will consist of consecutive calendar days beginning with the day violation was reported and substantiated.

**STEALING**

Willful possession of another person's property or possessions is a violation and punishable upon validated charges. Violator is suspended from activity through administrative approval.

**HOURS**

Participants will be home on school nights (Mon.-Thurs.) before 10:00 p.m., or within 30 minutes after the completion of a school sponsored activity, unless previously

arranged with coaches or sponsors. Weekend hours (Fri.-Sun.) are arranged at the discretion of the coaches or sponsors with all participants being home by at least 12:00 (midnight) unless previously arranged with coaches or sponsors. Violation: minimum suspension for the next quarter or game (set), but must continue to practice.

### **MISSING PRACTICE**

Participants are expected to be at all practices scheduled by the coach/sponsor. Should a participant not be able to attend a practice, they must contact the coach/sponsor in advance. Exception: When the participant is absent from school, they do not need to notify the coach/sponsor. However, most coaches/sponsors appreciate knowing the reason why the participant is absent from school.

All practices are important, not only to the individual, but to the group as a whole. In some cases, where a participant must miss practice when they are excused in advance, the participant may be required to also spend some extra time before or after regular practices to make up for the practice time lost. This is the only way which coaches/sponsors can help the individual regain skills which they missed out on because of the absence from practice.

Unexcused absence and tardiness determined by the discretion of coaches or sponsors is not allowed. Violations will be handled at the discretion of the sponsor.

### **SPORTSMANSHIP ATTITUDE AND INSUBORDINATION**

Failure to comply with directions given by a coach or sponsor or to comply with proper attitude standards as assessed by coaches or sponsors; failure to display appropriate sportsmanship to opposing teams, fellow teammates, coaches, sponsors, and fans are violations. Any violation(s) may result in suspension from contest or current activities according to sponsors, coaches, or administrative discretion.

### **APPEARANCE**

Participants will always be neat, clean, and well groomed while participating. All participants will always take pride in their dress and appearance. No outlandish dress or attire will be permitted.

## **PROCEDURE FOR CODE OF CONDUCT VIOLATION**

A. If a coach/sponsor suspects or knows of a student involved in an infraction of training rules he/she should visit with the player in question concerning the infraction. If the coach/sponsor still feels that the student involved has broken an activity rule he/she may take it to the principal for further questioning. If the principal and the head coach/sponsor are convinced of the guilt of the student and feel they can prove guilt, the principal should inform the student of his/her suspension.

The student may choose to appeal the decision to an appeals committee. The committee shall consist of all coaches/activity sponsors, athletic director, principal, and superintendent. The decision made by the principal and head coach/sponsor will be reviewed by the committee. Student(s) and or parent/guardian(s) will be given an opportunity to attend the committee review.

The principal/coach/sponsor will be responsible for informing the student of the disciplinary action taken. Parents will also be notified in writing of the action taken.

B. The student or his/her parents may request that the school board review the committee's decision by sending the superintendent a written request for board review within five days after receiving the committee's written decision. The parents and student have the right to appear before the board to present any information which will assist the board in reviewing the committee's decision. The board's decision shall be final.

C. If the coaches/sponsors committee determines that a student should be suspended as provided in this Code of Conduct, that suspension will remain in effect and will not be delayed if the student or his/her parents elect to pursue the appeal process.

#### Academic Status:

Through out each semester and after the 3rd week of every nine-week period, parents will be notified of students doing work which the teacher feels is below their capabilities. Students in grades 7-12 failing two or more classes after the third week of the quarter will not be eligible to participate in any activities involving other schools until their grades are at a passing level. Ineligible week is from the Tuesday following distribution of the academic status report through the following Monday. The student will be expected to improve the grade before report cards are received. The eligibility rule states that a student may not be failing the same class two consecutive weeks. The idea behind this approach is that a student will not continue to fail the same class week after week.

A list of the students receiving "down slips" will be made available to each teacher. The counselor will compile a weekly academic status list to determine student activity eligibility (see activity handbook). Junior High students not out for the activity, are to remain in class and not attend the activity (home or away) without sponsor and administrative approval.
