A newcomer's perspective

By: **Peter Touma**

Jessica Coenen, junior, is Sterling's newest transfer student. Jessica, or Jess as she likes to be called lives in Tecumseh and transferred in from Johnson County Central.

Jess likes all kinds of music; except opera and classical, her favorite bands include Guns n' Roses, AC/DC and Iron Maiden. Besides listening to music; in her free time, Jessica also enjoys spending time with friends, and working at Subway; which takes up most of her time.

Athletics are not on Jessica's list of to do's; however, she is excited to be enrolled in chorus and art.

When asked what were the differences between Sterling and JCC Jessica said, "The positive thing about Sterling is the school as a whole, I like it! The negative thing is the cramped hallways; it's hard to get to class on time. I'm looking forward to new experiences."

Jessica hails from a large blended family consisting of eleven children. Jess is the third from the youngest.

Once she graduates she plans to continue her education at SCC in Milford in the area of mechanics.

Jess expresses great joy in coming to Sterling and when asked as to whether or not she would return next year she gave an empathic, "oh yeah!"

Itty Bitty Committee Comes Up Big

By Willow Hunt

This year's volleyball team is known to many people as the Itty Bitty Committee, I.B.C. With the girls' height ranging from 5'1/2" to 5'8" the nickname makes sense. But don't let their height or name mislead you.

The Jet's started the season 5-0 and took first place in the Freeman Invitational, making it the first time in Mr. Karr's history the Lady Jets ever made it to the championship game. They beat Elmwood-Murdock in two sets to bring home the prize.

The Jets lost to Johnson-Brock in the second round of MUDECAS, then came back in the tournament and beat

Diller-Odell. The Lady Jets placed third overall in MUDECUS.

The Sterling Lady Jets are starting a senior, two juniors, a sophomore, and two freshman this year. With such a young team there is a lot of room to grow.

They Lady Jets went to Leigh, NE for tournament this year. They ended up placing fifth overall in that tournament.

The volleyball sub-districts will be coming up on November 2nd and 3rd.

Night at the Movies

If you want an action packed movie with a great plot, watch G.I. Joe! The film starts with an arms dealer selling the U.S military a new kind of warhead. The warhead is filled with nanobots that eat everything around them. While the warheads are being shipped a team of soldiers intercepts the cargo. After a long fight scene the warheads are back in U.S. possession, thanks to the help of a group of unidentified soldiers. It turns out that the soldiers are a team of international peace keepers

called G.I. Joe. And to thicken the plot one of the soon-to-be G.I. Joe recruits is an ex-fiancé to one of the enemy soldiers.

After the initial conflict the movie becomes focused on a group of genetically engineered warriors that lose the ability to feel emotions or think independently. Its all part of a plot thought up by an evil man trying to dominate the world's weapons market.

The movie is full of twists when the past relationships of the team G.I. Joe soldiers and team Cobra soldiers are revealed.

Overall, it is a very good film It leaves you with unanswered questions and wanting ☆☆☆☆ sequel.

Jr. High News

By: Jamie Agena

The jr. high volleyball team started off their season with three losses. They had their first win on Sept. 30, against Lewiston. The girls have an upcoming tournament in Lewiston on Oct. 10. When asked what they liked most about volleyball, all the girls agreed that getting digs is the best part.

The jr. high football boys also had their first win on Sept. 30, against Lewiston. Their next game is on Oct. 20, against Johnson-Brock, @ home. Matt Wirthele said that the best thing about football is getting to make sacks.

Letter to the Editor

To the editor:

We have been in school for a while now and at the beginning we understood that there may be a few things to work out. However, we have come to notice that it has become a little cramped with the locker situation. We understand why you put five classes downstairs and only two classes upstairs, but with the new late bell system, no student can make it to class on time. With the students at their lockers on both sides of the hallway and students trying to walk both ways through the hall, you feel like a cow being led down the chute to slaughter. It is really bothering me and I just wanted to voice my opinion on this matter.
