## Getting to Know the out-of-towners

**By: Willow Hunt**

This year Sterling is lucky to have four foreign exchange students. Peter Touma, staying with Matthew Erickson, is from Sweden. Peter says he wanted to come to America because he has heard a lot about it and wanted to experience it. When asked what the biggest differences were he said, "That in Sweden they use less ice and everything is bigger here." When he returns to Sweden he will have two more years of school.

Eva Schmitt is staying with

Courtney Van Groningen and is from Germany. She said that the food and our homework is much different. She chose America because it is less expensive, and everyone wants to come to America. She also said she will have two or three more years of school when she returns.

Laura Sandjohann, who is also from Germany, is staying with Michelle Bartels. She said she wanted to know the American way of life. She will have two more years of school when she returns.

Peter Winston from Denmark says he wanted to come to America to play basketball.

When he returns he will have three or four more years of school left. Peter Winston is staying with the Hansen family. He said that the biggest difference for him is the school work and subjects. All the foreign exchange students agreed on one thing for sure. They all said that people here in America are much more open, outgoing, friendly, and helpful.

## Jets Kick Off the Season with a Big Win

**By: Mitchell Elliot**

Two games into the season and the Jets have seen both a triumphant win and a stunning loss. The Jets began the season away vs. Prague where the Jets saw points on the board early. Lead scorer, as well as, rusher for the night was junior, Jake Wirthele, who had this to say about the game, "We were expecting them to be big, but they weren't. We manhandled them."

Game two didn't go the Jets' way with a tough 38-6 defeat. The only Jet score was in the third quarter off a fumble caused by the Sterling defensive line and a runback of nearly 62

yards by Jake Wirthele. When asked about his thoughts on the game sophomore, Colin Van Groningen said, "We just didn't come in focused enough."

With homecoming just around the corner the Jets are working hard to get better Homecoming hope to be their redemption senior Zack Lempka said, "We are planning to get some revenge on Dorchester for beating us last year."

This year's team is coached by Mr. Arlo Wusk, Mr. John Cockerill, Mr. Brent Heusman, and volunteer coach Mr. Andy Saathoff

## Jr. High News

This year the Jr. High students are facing many changes. Erika Eckhardt is looking forward to doing science experiments and playing volleyball. In Erika's spare time she enjoys showing her sheep and sewing. Alex Donovan, on the other hand, is looking forward to playing football because he enjoys the physical contact. Alex enjoys riding his bike around the nice town of Sterling on his days off of school or when there is nothing better to do. Both Alex and Erika do not look forward to the massive piles of homework that are to come when their high school years begin. Both Alex and Erika enjoy doing science because they think it's fun. **By Devon Dreesen**

## Getcha Some Answers

### How do I ask my boss for a raise?

Before you ask your boss for a raise, you need to ask yourself, "What have I done to deserve a raise?" If you have a hard time answering for yourself then perhaps its not the best time to be asking someone else for money. If you do feel like you have earned a raise a great time to ask is during an evaluation, when you are demonstrating your worth. You definitely don't want to ask when there are other co-workers around. Good Luck! I hope you find what you are looking for. **If you have a question you need an answer to please submit it to Mrs. Steele, and your name will be kept private.**
