Jets Back and Ready To Dominate

Jets are back in school and ready for another exciting year of fall sports. The volleyball team has sixteen girls this year. The girls flew into action at the Freeman Tournament with 5 wins. They are currently 11-1. Stan Karr quotes, "They are a fun group of girls to work with". After last year's 22-9 record, Karr said "I expect to be better than last year." Team co-captain and setter Nicole Wenzl stated "I think this year we will go far, with great intensity. We get along great and have a lot of chemistry."

As for the football team, the Jets have started off with a 3-0 record so far. Jets gained 8 freshman this year

and freshman Chris Wenzl said "The hits are a lot harder, and the whole game is faster." Coach Arlo Wusk is "excited for the upcoming year. We have a good group of competitive seniors with great leadership skills. We aren't as big as last year, but we have above average speed and strength, compared to other teams." Team co-captains Shane Benson is, "looking forward to playing FCSH and the state championship." John Parrish, and Jake Wirthele both agree that the team has a "strong defense" and is looking for a "winning season."

Good Luck for both teams. Make us proud! **By: Emily Keim**

Jr. High News

Well, we are starting a new year with the 6th graders. Some of the students like the new feeling of roaming the halls more, and some don't like the feeling of getting lost for a couple of days. One of the sixth grader Tyler Vermeer likes the new teachers and he said, " That he got lost a couple of time the first day of school."

The sixth graders like being a part of the high school and get to wander around to different classes. They like having more freedom in the high school building than in the elementary. Some of the sixth graders miss being elementary students. Everybody has got to love them! Remember, jr. high flies by

Getcha Some Answers

I put a dent in my parents' car, how should I go about telling them? The first thing you shouldn't do is keep it from them. It will make things SO much worse when they eventually find out. It will show a lot of responsibility if you admit you made a mistake yourself. If possible offer to financially make the repairs. You got yourself into a bad situation its up to you to get yourself out of it. Good luck!
