Sterling Welcomes Students from Abroad

By: Willow Hunt

Welcome to the Jet Stream. Come take a dive into the new year with us. This year we have three foreign students. We have two seniors Nicholas Bender and Lina Zapata Garcia, and a sophomore Natthawat Jamprasert.

Lina Zapata Garcia from Bogotá, Colombia is staying with Emily Keim. Lina is the youngest of four. Back home she enjoys going to movies, hanging out with friends, and for all you guys out there loves playing poker. Lina says that her favorite thing about Sterling is that everyone has a car and the people are very friendly. Coming from Bogotá, the capital of Colombia, she says that

she doesn't really like how.

small Sterling is. Lina said, "Coming into Sterling on the first day was like a scary movie, because it was so quiet." She wanted to come here from college and to learn a new culture. The thing she misses the most is her family and her food.

Natthawat Jamprasert, or Natt, is staying with Amy Hansen. He is from Bangkok, Thailand. Back home he plays soccer. He says he wanted to come here to speak English and to try new things. So far his greatest disappointment with America has been the high school food. His favorite things include school and Mr. Salberg.

Nicholas Bender, staying with Mary Hietbrink, is an only child. His hometown of Dornheim, Germany has 4,000 people and he says it is only a suburb. In Germany he played handball and basketball. In his free time he enjoys playing sports and hanging out with friends. So far the thing that he likes most about America is the freedom and the countryside. He wanted to come here because he was supposed to move here but couldn't and so he became a foreign exchange student. The half day of school is what Nick says he misses the most from Germany, and he doesn't like how much homework he has here.

Lady Jets Start Season with Tournament Play

By Morgan Shea

"Ahhhh," the girls circle up, "Smack That!" Kill for the Sterling Lady Jets!

With a 4-6 season, the girls start is slow, but soon to be improving. The ladies have had their ups and downs, but once they start playing as they can, it's lethal. The Freeman Invite was their first game and tournament, which had an even outcome. They won their first two games against Elmwood-Murdock and Lewiston, both in three sets. The next two games were that following Saturday against Johnson-Brock and Parkview Christian.

That next week were the Southeast Consolidated and Pawnee City Tri. games. After these games Coach Karr decided to move his players around a little bit. To get more blocking power on the

right side, he moved AJ Magill to a secondary setter and Nicole Wenzl to outside hitter.

Finally came Mudecas, in which the Jets were seeded first. The first game was against Palmyra. After losing the Jets continued on to play Bruning Davenport. That game came out in a win and the girls went on to play Parkview Christian for the consolation win. The match was close, but Sterling ended up losing in three sets.

Reel Time with Kella and Alex

House Bunny (Starring Anna Faris, directed by Fred Wolf) was a hilarious movie. It is not only a comedy but it also teaches a good moral lesson: Just Be Yourself.

Shelly grew up in an orphanage. When she turned eighteen she went to become a playboy bunny. Shelly led a happy life in the mansion until she turned twenty-seven and got a letter from Hef informing her to leave the mansion immediately because she was too old. The homeless bunny wanders upon a sorority house, which reminds her of a mini mansion. She finds out that Zeta Al-

pha Zeta needs a house mother. A job that was perfect for her, except that Zeta Alpha Zeta was a house of misfits.

Shelly works her magic on the girls of Zeta Alpha Zeta and makes them all look absolutely gorgeous. Makeovers for everyone. Zeta Alpha Zeta becomes the most popular sorority house on campus. With a few complications and evil sorority girls standing in the way the girls of Zeta Alpha Zeta overcome all challenges and learn they can be themselves. Shelly learns a few life lessons of her own and finds out who her true family is. All in all this movie was great. Both guys and girls will love this movie. Rated -PG 13.

How to Survive Junior High

By A.J. Magill

Entering middle school can be scary; trying to keep track of all your classes and staying organized while moving from class to class all day.

To help 6th graders survive the 8th graders were asked. "What advice would you give to a 6th grader to survive junior high?" Here is the advice

they had given:

Dalton Clark says: "Don't make smart aleck remarks."

Jenna Nieveen advises: "Stay on the teachers good side."

Trevor Huls offers the advice: "Study Hard."

All in all, the next three yrs. Are going to feel like a roller coaster so hold on and enjoy the ride!

OMG

By Meagan Sandau

There's this guy at school that I have a huge crush on and I wanted to impress. I got up really early one morning and did my hair really nice and picked out this really cute outfit. I had some fake eyelashes I wanted to try out too. I got to school and this guy was at his locker so I went over and started talking to him. Then the worst thing happened, my eyelashes started to come off. My crush started looking at me funny then said, "I like my girls to be natural." Then he walked away and I haven't talked to him since.

Ask K. Waljamm Anything

Q: I want to ask a girl to Homecoming. How should I go about it?

First, don't write out what you want to say, just be natural. Also don't try a cheesy pick up line your friends gave you. The best advice is

be yourself and do it face to face. This is not a time for notes or texting. As a last resort if you don't have the guts; send in your wing man, but this is your time to show your interest yourself. You may be surprised by a "Yes."
