

STERLING PUBLIC SCHOOLS

MAY 2023 NEWSLETTER

From the Principal's Desk by Mr. Davenport

We are entering the final month of the school year! This year has truly been a great year. One item of note is the addition of our summer program. In March, the Sterling Board of Education approved offering a structured program for students extending through the summer. While formal instruction will not be taking place, the time will be meaningful for the students involved and keep them in the routines that were established throughout the school year. With the limited staffing during the summer, enrollment is capped at 20 students. To enroll your student(s), please drop off the required materials, found in the handbook, at the main office of the school. For more information, please visit our school website.

By now, many of you have likely heard about the widespread staffing shortages in education. With that being said, there are many subbing opportunities within our district for the upcoming school year. A college degree is not required for subbing. If you, or someone you know, has 60 college credits, in any field, you are likely qualified to receive a local substitute certificate that would allow you to substitute in our school. If you are interested, please contact me and I can give you details on getting your certificate.

I would also like to thank everyone for their support throughout this school year. Yes, every school year has its ups and downs but we are in the final stretch of achieving what we set out to do. We have seen district-wide growth and it is due to everyone's involvement in the process. It takes a village. Thank you, everyone, for the role you played.

As always, please do not hesitate to reach out to me as needed. Since some of you receiving this newsletter do not currently have ties to our district, if you or any families you know are looking for a change of scenery with an excellent school, please get in contact with me. I would love to discuss why Sterling is likely a great fit. **Go Jets!!!**
