

SUPERINTENDENT NOTES by Mr. Knippelmeyer

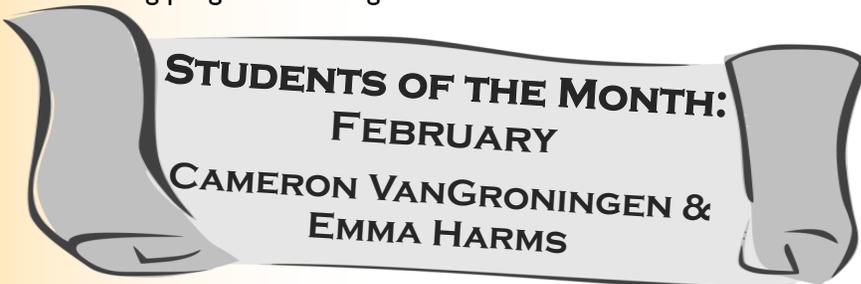

Summary of March 21, 2016 Board Meeting:

- Mr. Davenport presented on the start-up of FBLA, what has been accomplished this year and State Leadership Conference.
 - March Board Commendations: Stephanie Parde for her work in organizing Dr. Seuss week for the elementary, Gladys Kuhlmann for her work as a substitute teacher for the district, and Teresa Haynes for her work as an assistant volleyball coach, as she has decided to step down from that position.
 - The Board approved: NASB membership for 2016-17, ESU 4 Core Services and Special Education Services for 2016-17.
 - We are moving forward with the use of E-meetings as a way to facilitate all board meetings in the future.
 - State Aid has been certified for 2016-17. There were no surprises...we are not getting any state aid next year.
 - Gym repair updates were shared. Gym floor refinishing began on March 23 and will be a 2-3 week process. We are hoping to move the bleacher installation up a week if possible. We hope to have these projects completed by the last week of April. We will look at having an open house for the public to come see the gym and bleachers when all work is finished.
 - Discussion on Facilities - The board had a productive discussion about our facilities and the current reality of enrollment in our primary grades. Gill Peace is our architect and we will be asking him to put together layouts for what it would look like to add on to our building on the SE corner and the cost of that, along with the cost of replacing the current preschool portable with a new portable or a pre-built steel building. We will also be asking Gill to put together a drawing and costs to knock down the current kitchen overhang and possibly putting up something new there.
- The April Board meeting has been moved to Thursday, April 14 at 7:30.

Last Day of School in May: As you are aware, there are three days built into the school calendar for inclement weather. So far this year, we have had one snow day. If no additional snow days are used, our last day of school will be Wednesday, May 18. There will be a noon dismissal on the last day of school.

Marzano Academy Recap: All of our Preschool - 12th grade teachers and administrators have completed the six-day Marzano Instructional Framework Academy. The goal of this professional development was to implement a consistent instructional framework and language across all grade levels and content areas in Sterling Public Schools. Now that we have completed the training, the implementation process is just beginning and will carry over throughout the next school year. We will be partnering with our professional development colleagues at ESU 4 throughout the next school year in developing district and individual goals that align with the Framework and we will be using many of the teacher in-service days and Wednesday early outs next year to work closely with ESU staff in developing, monitoring, and checking progress for the goals that we establish.

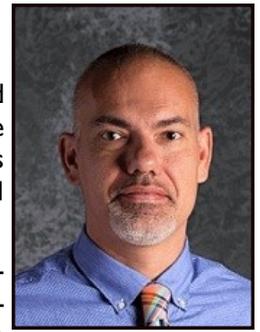

Wednesday Early Out (1:37PM) Day:
April 6

NOTES FROM THE PRINCIPAL by Mr. Theobald

The end of the 2015-16 school year will be here before you know it. The spring is a hectic time, and we might have as many students participating in extracurricular activities as we have had in quite some time. While this is a positive, it also puts extra stress on our students as they inevitably will miss school to compete in these various activities. With that being said, here are a few reminders that I would like to share.

Attendance. As we wind down the year, I just want to remind everyone how important it is for students to be in school. There is a strong correlation between student achievement and student attendance. As a friendly reminder, if a student misses school for a medical appointment, please be sure to supply the office with a note excusing that absence.

Spring Testing. Our NWEA, MAPS, and NeSA testing is under way. One of the best ways to ensure success is making sure that students get an adequate number of hours of sleep. While each student is different, there is a lot of research that points to 9.5 hours as being a benchmark number to shoot for. Along with sleep, it is important that students eat a healthy breakfast. Our second chance breakfast has been a definite success, so we will continue to provide this option for students in grades 7-12. We will also be discussing the logistics of this for elementary students as well.

End of Year Activities. At this time, we have not made any adjustments to our spring activities that are scheduled in the gym, as the repairs are on schedule. Should we need to make any changes, we will send out an Alert Solutions message, as well as communicating through our other forums like Facebook, the school website, and the weekly bulletin.

As always, if you have any concerns or comments, please do not hesitate to give me a call.

GO JETS!!!

STERLING STUDENTS ATTEND CAPITOL FORUM

On March 21, four Sterling students attended the 18th annual Capitol Forum for America's Future.

Participating were Erika Eckhardt, Marah Hestermann, Austin Buss, and Taylor Cockerill.

The institute was held at our state capital and students from across our state deliberated the path that they feel our nation should follow in foreign affairs for the coming year. The final outcome for this year's forum was that the United States of America build a more cooperative world in which we live. The conclusion of the day gave the students an opportunity to have a question and answer session with Senator Deb Fischer, Congressman Adrian Smith, Congressman Brad Ashford, and Congressman Jeff Fortenberry.

AG/ECON CLASS FIELD TRIP

The Sterling Ag Econ class took a two day field trip to visit 3 major Ag facilities in central Nebraska. The first Ag facility that we toured was the Case IH combine factory in Grand Island. This is the only manufacturing plant in the world that makes Case IH combines. They are currently making 12 per day down from 30 per day 3 years ago. This is due to the slowdown in the farm economy as a result of low commodity prices. This plant makes the majority of components for the combine but do import engines from Germany and Italy (Manfre was proud).

Our next tour was in Central City and the ethanol plant. They use approximately 180 semi-loads of corn each day and have a labor force of 50 employees that work 3 shifts 7 days a week. Just before we arrived they have a malfunction but were back up and running in less than 1 hour. They ship most of their ethanol out by rail.

Our final tour was on Friday and we visited the DuPont Pioneer International production facility in York. From the road it does not appear to be too large but after walking the tour we all were very impressed with the immense size of the processing

plant. They plan the planting of the seed corn, the harvest of the seed corn all the way to the distribution to the dealers and ultimately the delivery to the farmer.

Each tour took about 2 ½ hours each and the one common element of each Ag facility was the use of technology. The students on this tour are now well aware of the many career opportunities that the farm culture offers besides production agriculture. We want to thank DuPont Pioneer International and Greg Carpenter for setting up the tours and sponsoring the two day extravaganza. The students that participated in the trip were Austin Buss, Manfre Scattoni, Jacob Schwenneker, and Micah Erickson (who enjoyed the Eel Sushi).

Arlo Wusk, Ag Econ sponsor

YORK MIDDLE SCHOOL HONOR BAND

On Saturday, February 27th, some 284 middle school band students converged in York to participate in the 16th annual York Middle School Honor Band. The Seventh Grade Honor Band was directed by Susan Hottovy from Irving Middle School in Lincoln. Eighth grade band members worked with Dr. Ron Crocker, professor of music emeritus at the University of Nebraska Kearney.

Schools in attendance: Ashland-Greenwood, Blue Hill, Centennial, Columbus Public, Columbus Scotus, Crete, Fairbury, Gothenburg, Hastings St. Cecilia, Kearney Catholic, Malcolm, Minden, Raymond Central, Shelby-Rising City, Shickley, St. Joseph (York), Sterling, Superior, Sutherland, Syracuse-Dunbar-Avoca, Thayer Central, Twin River, Waverly, and York.

Students selected from Sterling Public Schools:
Joel Rathe, Diego Sterkel, Belle Haner, Colby Thies, and
Treyton Cockerill
