Concession Stand Workers: Everyone is expected to help whenever they are available. Unless you are warming up for the game, playing in the band, or playing basketball, you are expected to be helping at the concession stand and potato bake. We will be setting up the concession stand and potato bake at 3:00. Make sure you are there. Everyone is also expected to be there to clean up at the end of the night. The National Honor Society and Student Council are elite groups in our school who are expected to be responsible leaders of our school and community. We especially need help during half times and between games. If things slow down, you may go watch the basketball games with permission from Mr. Boldt or Mr. Karr.
